

# Sculpture School

Phillip and the team at Perides Art Projects are proud to commence our new sculpture school and studio space.

We have created a new workspace to accommodate sculptors of all levels; from beginners to advanced. If you are interested in learning the many facets of creating a sculpture, our studio will be perfect for you.

Phillip's career spans more than 30 years sculpting the figure and portrait and is responsible for many notable public figures throughout Australia.

Phillip and team will work closely in organising studio sessions, courses and workshops.

# What we do

The school will allow students to be a part of an open studio, as well as taking part in classes and specialised workshops. Our school will be focusing on these main features:

---

**Modelling from life**  
(Intermediate)

---

**Portrait sculpting**  
(Intermediate)

---

**Modelling from plaster casts** (Beginners)

---

**Open studio sessions**

---

## For **beginners**:

---

An introduction to basic frame making and building up in clay

---

Sculpting from plaster casts e.g. modelling the facial features eyes, ears, nose etc.

---

Learning the techniques of finishing clay sculpture

---

Learning how to fire finished clay sculptures

---

## For **intermediate**:

---

Modelling from a life model with tuition

---

Portrait sculpting with tuition

---

Learning the anatomy of the figure

---

Learning how to finish with finer details

---

You will walk away with a complete sculpture in clay

---

## Our **advanced** workshops include:

---

You will learn to create a silicone rubber mould from your creation

---

From your silicone mould, you will begin to create a wax replica of your original

---

Finally, we will chase back seem lines and any wax imperfections to then be able to transfer this into bronze.

---

Options will be available to transfer your sculpture into bronze with the mould included.

---

This will occur once a month at a nominated time

---

## Our **open studio** workshop will include:

---

The studio space will be open to those who would like to use it in their free time

---

This is a freelance session to come in and do your own work

---

This is a good opportunity to create anything specific

---

## Our **quarterly workshops** will include:

---

These workshops will run with guest artists, local and interstate, these artists will be professional in their area ranging from a number of expertise from wildlife sculptors, ceramics, stone carving and more.

---

These will run over intensive weekends and information will be provided as the term goes on.

---

These workshops will also include bronze manufacturing in our foundry.

---

## Lesson information

*Thursday* 6:00pm – 9:00pm  
(Modelling from life – Figure or portrait)

---

*Saturday* 9:00am – 12:00pm  
(A mixture of life modelling, hand building and discovering clay in free form)

---

## Numbers per class

We want to ensure each class is a personal experience for you and that you get the most out of your session.

**Each classes will have no more than 10 students.**

## Life models

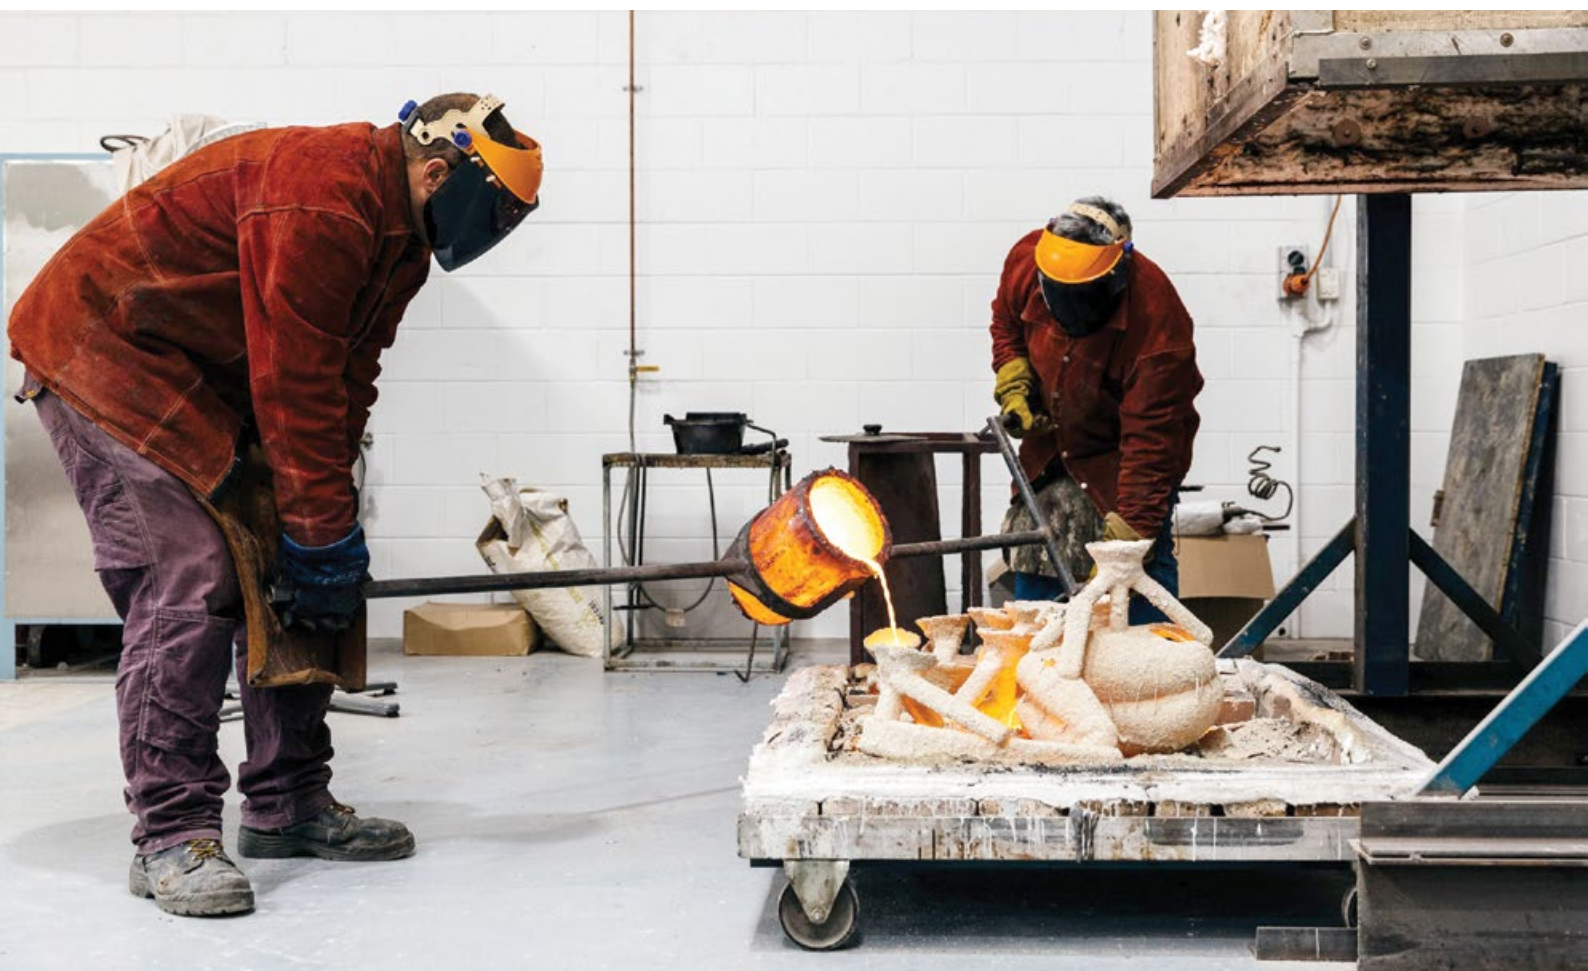

Perides Sculpture School will be using life professional artist models with great experience. We will select our models that are suitable per class that will use different poses to reflect a number of art motions. All life model classes will have an age restriction of 18 years old with proof of identification when starting the term.

## Specialised workshops

Throughout the term we will have special and unique workshops for students that will be an additional cost to the term. This workshop will involve a guest artist to come for the whole day on weekends. This will include materials for the weekend, lunch and drinks and will be a limit of ten people. This will be an intensive weekend (two full days). (Prices will become available once workshops are booked in)

## COVID-19

Our school will be implementing the correct procedures and measures to ensure the space is following guidelines. We will ensure good hygiene, areas available to wash your hands and areas that follow physical distancing requirements.
